Horse Muck Trailers

Available in 2, 3, 4, 6, and 10 Tonne capacity

Quality

Reliability

Value for Money

- Designed as a front loading trailer, the front headboard folds down over the drawbar, the weight is taken by two tension springs so raising and lowering the ramp requires little effort.

- Front loading ramp enable the trailer to be reversed into a corner out of the way
- The ramp is made in non-slip alloy plate with alloy treads.

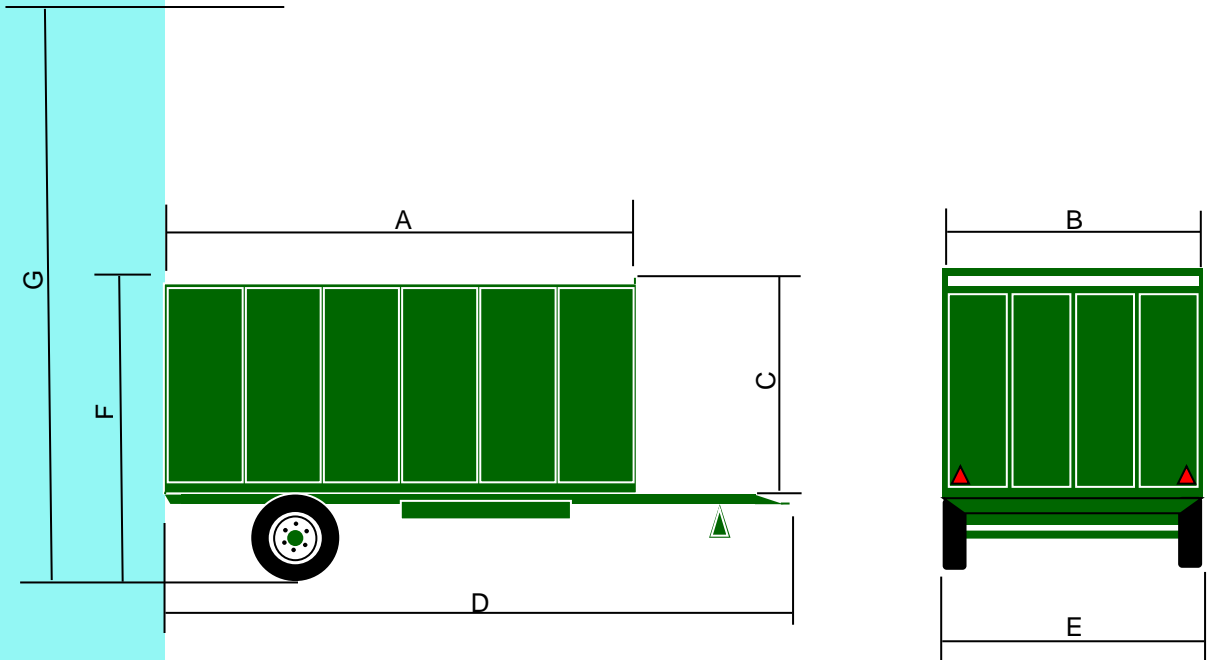

- To empty the trailer a single piece rear door is hinged sideways and folds back onto the side of the trailer, this prevents the door sticking into the muck heap when tipped.

- Lights, hydraulic brakes and a hand brake are fitted as standard.
- Options available include wide tyres and a canopy, on some models there is the option of a twin axle, front extension ramp and rear loading.

- Standard colour Mid Brunswick Green.
